### THE LAST GAME.

The season closed with Tuesday's game, which was played with old time skill and vigor and the locals won a handsome victory.

The game was interesting from the start. The first visitor up got a hit two went out at first, the fourth walked up and Yon ended it by striking out the next one, leaving two on bases. Murray went out at first, Brown singled, Taylor doubled, Vinson was put out and Lyons with a beauty scored Brown and Taylor and stumbled in crossing the third bag and sprained his ankle and was put out as he lay helpless on the ground a few feet beyond the bag. During this inning, Anderson, the Paducah captain, disputed a decision of Umpire O'Brien in a threatening manner and was fined and ordered out of the Park. He refused to go until police were called upon to escort him to the gate to avoid disorder. The Moguls got hits in every inning but one, while Yon held the Indians down in good style, three up and three down in every inning but two. In the fifth they had a rally, Overton went out, Cox and Payne both got bases on errors, Gwin walked, Warden singled on a costly error scoring Cox and Gwin, Payne dying on second. The next three men up got hits, bringing in another score before a man was caught at the plate and the side retired. These three runs ended it for the Indians, while the Moguls secured ten scalps in all, keeping up the slaughter to the eighth inning when two trophies were secured. The home team did not play their half of the ninth inning.

### CAUGHT ON THE FLY

The season which closed Tuesday has been a successful one in some respects, and while the teams have not made money the K. I. T. League will continue and enter another season without having to overcome so many obstacles. The late start, the trouble in assembling teams, the heavy expenses of try-outs and the doubts up to the opening day and the falling out of two teams at the last moment, the change of schedule in the middle of the season were all most serious handicaps.

The first half with only four teams played good ball and the last half with six has done still better.

Already plans are on foot for next season and it is believed that the circuit then will contain eight clubs, these probably being Hopkinsville, Paducah, Vincennes, Harrisburg, Henderson, Bowling Green, Clarksville and McLeansboro with Cairo, Madisonville and Owensboro as possibilities.

It is quite probable that several of

the players who have shown up best in this league this year will be seen in higher company next season.

Keen, formerly with Clarksville, has already been purchased by Indianapolis, of the American association for \$1,000 and is playing third base for them regularly. Several members of the McLeansboro team really belong to the Evansville Central league team and were only farmed this season. Marc Goldnamer, outfielder for Hopkinsville, has been offered a try-out with Evansville; Cy Lambert, formerly with Clarksville, is making good in the Northern Ohio league. Vinson, first baseman for Hopkinsville, Clarence Yon, the left handed pitcher whose work has been phenomenal recently, Thompson, outfielder, and Heck, shortstop, of Clarksville; Jantzen, third baseman and Hurst outfielder, of Vincennes; Block, catcher, and Woodring, pitcher, of Paducah; Calbert, pitcher, of Harrisburg, and other players are very promising and may be given try-outs in faster company.

The one serious fault has been the lack of capable and honest umpires. If exceptions are made of Piepho and Pearce, who served awhile, and O'Brien, who closed the season, the umpires have all been inexperienced or worse. Three or four were so objectionable that teams refused to play under them. Hopkinsville has suffered greatly at the hands of um-

pires. Manager Ray says he has been unfairly deprived of the following: Lucas 2, Reiser 4, Pfirman 2. Moss also tried to take one game but failed and Keisker stopped one game before it was finished, giving it to McLeansboro. This game is protested and will probably be thrown out at the League meeting at Vincennes Sunday.

Following are the percentages for the season:

Ty Cobb called upon another oculist, at Detroit this week who removed a small piece of gravel from Cobb's right optic, and the Georgian declares he can see as well as ever. Some of the fans are wondering how Dr. Gillman, whom he first consulted, overlooked the piece of bowlder, and are mean enough to say Cobb used the incident to make a play for his release. One authority has it that Tyrus has been offered \$15,000 per annum by both the New York and Boston Clubs, and would like to accept.

### LAST GAME.

The Hopkinsville and Paducah teams played a benefit game yesterday afternoon. Athletic sports were indulged in for an hour before the game, such as running races, long-distance throws, bunting, long flies, etc. It was the closing game of the season.
